League of Kansas
Municipalities
Representative

Mike Napolitano
Local Fire/EMS

Dick Veach
Wireless Carriers Industry

Captain Randy Moon
Kansas Highway Patrol

The Kansas Legislature enacted the Wireless Enhanced 911 Act, K.S.A. 12-5321 et seq. in 2004. The law provides funding to help agencies make the required improvements to establish the enhanced wireless service. The law also established the Kansas Wireless Enhanced 911 Advisory Board (KWEAB). The Board's members are statutorily appointed. The Governor's Grants Program provides the staffing to the KWEAB and day-to-day management of the grant.

The Wireless Enhanced 911 Act provides funding for necessary and reasonable costs incurred by Public Safety Answering Points (PSAP) for the following: 1) Implementing wireless enhanced 911 services; 2) Purchasing equipment or upgrades and modifying equipment used solely to process the data elements of wireless enhanced 911 services; and 3) Maintaining license fees for such equipment and training of personnel to operate such equipment, including costs to train personnel to provide effective services to all users of the emergency telephone system who have communication disabilities.

Any county having a population of less than 75,000, any city located within such a county, or any two or more such counties or cities are eligible for E911 grant funding. The Wireless Enhanced 911 Act places a 50-cent monthly fee on each wireless subscriber account and on each Voice Over Internet Protocol (VoIP) service user. The State of Kansas receives 25-cents from the fees and one-percent of the retail price for any prepaid wireless phone service sold in Kansas to fund the Wireless Enhanced 911 State Grant Program (E911). The Kansas Association of Counties receives the other 25-cents from each wireless subscriber account and each Voice Over Internet Protocol (VoIP) service user. The League of Kansas Municipalities disperses the money to local PSAPs based on the access line's zip-plus-four number.

The law requires statewide implementation of wireless enhanced 911 by 2010.

Grant Awards	
Calendar Year 2005	\$3,039,713
Calendar Year 2006	\$5,077,930
Calendar Year 2007	\$4,928,408
Calendar Year 2008	\$3,623,850
Calendar Year 2009	\$3,187,420
Total	\$19,857,321

A map of the state of Kansas, showing its 105 counties. The county of Morris is highlighted in yellow. Other counties are colored in various shades of green and blue. The map includes labels for each county, such as Morris, Chase, Lyon, and others. The state's irregular border is clearly visible.

AS OF NOVEMBER 2008
